in Neurology

Editors-in-Chief

Said R Beydoun

Professor, Division Chief, Neuromuscular Disorders, Keck Medical Center of University of Southern California, CA, USA

Cris S Constantinescu

Cooper University Hospital, Cooper Neurological Institute, Cherry Hill, NJ, USA

Section Editors

Francois Bethoux (Multiple Sclerosis)

Director, Rehabilitation Services, The Mellen Center for Multiple Sclerosis Treatment and Research, The Cleveland Clinic Foundation, Cleveland, OH, USA

John B Bodensteiner (Paediatric Neurology)

Consultant, Child and Adolescent Neurology, Scottsdale, AZ, USA

K Ray Chaudhuri (Movement Disorders)

Professor of Movement Disorders and Clinical Director, National Parkinson Foundation Centre of Excellence, King's College Hospital, London, UK

José M Ferro (Stroke)

Assistant Professor and Director, Neurosciences Department, Santa Maria Hospital, University of Lisbon, Lisbon, Portugal

Peter J Goadsby (Headache)

Professor of Neurology, Headache Group, King's College Hospital, London, UK

George T Grossberg (Neurodegenerative Disorders)

Samuel W Fordyce Professor and Director, Geriatric Psychiatry, Department of Psychiatry & Behavioral Neuroscience, Saint Louis University School of Medicine, Saint Louis, MO, USA

Stuart H Isaacson (Movement Disorders)

Director, Parkinson's Disease and Movement Disorders Center of Boca Raton; Associate Professor of Neurology, FIU Herbert Wertheim College of Medicine, FL, USA

Richard Alan Rison (General Neurology)

Clinical Assistant Professor of Neurology, University of Southern California, Keck School of Medicine, Los Angeles County Medical Center, Los Angeles, CA, USA

Stephen D Silberstein (Headache)

Professor of Neurology and Director, Jefferson Headache Center, Thomas Jefferson University, Philadelphia, PA, USA

Nataliya Titova (Parkinson's Disease)

Senior Researcher, Pirogov Russian National Research Medical University (RNRMU), Moscow, Russia; Overseas Honorary Faculty, National Parkinson Foundation Centre of Excellence, King's College Hospital, London, UK

Horst Urbach (Epilepsy)

Professor and Head, Neuroradiology, University Hospital Freiburg, Freiburg, Germany

Patrick Y Wen (Neurological Oncology)

Neuro-oncologist, Professor of Neurology, and Director, Center for Neuro-oncology, Dana Farber/Brigham and Women's Cancer Center; Division of Neuro-oncology, Department of Neurology, Brigham and Women's Hospital, Harvard Medical School, Boston, MA, USA

Editorial Board

Angelo Antonini

Professor of Neurology and Director, Parkinson Unit, IRCCS San Camillo, Venice; University of Padova, Italy

Catherine Arnold

Assistant Professor of Neurology, Zucker School of Medicine at Hofstra/Northwell; Physician, Northwell Health, New York, NY, USA

Giuliano Avanzini

Emeritus Professor and Director, Department of Experimental Research and Diagnosis, National Neurological Institute 'Carlo Besta', Milan, Italy

Leontino Battistin

Professor of Neurology and Past Director, Department of Neurosciences, Padova University Hospital, Padova, Italy; Scientific Director Emeritus, Neurorehabilitation San Camillo Hospital, IRCCS, Venice, Italy; Past Vice President for Europe, World Federation of Neurology

Paul Boon

Professor of Neurology; Director of Neuroscience, Department of Neurology, Ghent University Hospital, Ghent, Belgium

Roger Bullock

Director, Roger Bullock Consulting; Kingshill Research Centre, Swindon, UK

Nitin Butala

Neurologist and Neurophysiologist, Baptist Neurology, Jacksonville, FL; Assistant Professor of Neurology; Clerkship Director, Department of Neurology, Lake Erie College of Osteopathic Medicine (LECOM), Erie, PA, USA

Norio Chihara

Project associate professor, Division of Neurology, Kobe University Graduate School of Medicine, Kobe, Japan

Jeffrey L Cummings

Research Professor, Department of Brain Health; Director, Chambers-Grundy Center for Translational Neuroscience, University of Nevada, Las Vegas, NV, USA

Thanh Dang-Vu

Clinical Assistant Professor of Neuroscience, University of Montreal; Associate Director for Clinical Research, University Institute of Geriatrics of Montreal (IUGM); Concordia University; Adjunct Professor of Neurology and Neurosurgery, McGill University, Montreal, Quebec, Canada

Jacques L De Reuck

Professor of Neurology, Stroke Research Team, University Hospital, Lille, France

Murat Emre

Professor, Behavioral Neurology and Movement Disorders Unit, Department of Neurology, Istanbul Faculty of Medicine, Istanbul University, Turkey

Stefan Evers

Professor of Neurology and Clinical Neurophysiology, Department of Neurology, University of Münster, Münster, Germany

Martin R Farlow

Professor Emeritus of Neurology; Adjunct Professor Emeritus of Psychiatry; Vice-Chairman of Research, Indiana University School of Medicine, Bloomington; Neurologist, IU Health Physicians Neurology, Indianapolis, IN, USA

Joaquim Ferreira

Professor of Neurology and Clinical Pharmacology, Faculty of Medicine, University of Lisbon and Head of CNS – Campus Neurológico, Lisbon, Portugal

Mark S Freedman

Director, Multiple Sclerosis Research Unit, The Ottawa Hospital, Ottawa Hospital Research Institute (OHRI); Professor of Medicine (Neurology), University of Ottawa, Ottawa, ON, Canada

Robert M Friedlander

Walter E. Dandy Distinguished Professor; Chairman, Neurological Surgery; Co-Director, UPMC Neurological Institute; Director, Complex Brain Surgery Program; Head of Cerebrovascular Neurosurgery, University of Pittsburgh, Pittsburgh, PA, USA

Deborah I Friedman

Professor of Neurology & Neurotherapeutics and Ophthalmology, University of Texas Southwestern Medical Center, Dallas, TX, USA

Anthony J Furlan

Professor, and Chairman, Department of Neurology, Neurological Institute Case Medical Center, Case Western Reserve University School of Medicine, Cleveland, OH, USA

Kazuo Fujihara

Professor, Department of Multiple Sclerosis Therapeutics, Fukushima Medical University School of Medicine, Fukushima; Director, Multiple Sclerosis & Neuromyelitis Optica Center, Southern TOHOKU Research Institute for Neuroscience, Koriyama, Japan

Associate Professor, Department of Ophthalmology and Otorhinolaryngology; Coordinator of the Sleep Disorders Service, Hospital of Clinicas, University of Campinas, Campinas, Brazil

touchREVIEWS in Neurology

Established: January 2006 Frequency: Bi-annual
Current edition: Volume 20 Issue 2, 2024

Aims and scope

- *touchREVIEWS in Neurology* enables time-pressured physicians to stay abreast of key advances and opinion in neurologic practice.
- *touchREVIEWS in Neurology* comprises balanced and comprehensive articles addressing the most important and salient developments in the neurology field.
- *touchREVIEWS in Neurology* endeavors to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- All articles are subject to peer review, and must adhere to the ICMJE, GPP 2022, and COPE guidelines.

Structure and format

- *touchREVIEWS in Neurology* is a peer-reviewed, free-to-access, bi-annual journal comprising review articles, case reports, editorials, special reports and original research.
- The structure of each edition of the publication comprises section categories determined by the Managing Editor. The degree of coverage assigned to each category is the decision of the Managing Editor and, in part, reflects the views of the Editorial Board.
- All articles disclose any author disclosures along with any funding, financial support and medical writing assistance.
- Each edition of *touchREVIEWS in Neurology* is published in full online at www.touchNEUROLOGY.com.

Editorial expertise

touchREVIEWS in Neurology is supported by various levels of expertise including:

- guidance from an Editorial Board consisting of leading authorities from a variety of neurologic disciplines
- invited contributors who are recognized authorities from their respective fields
- peer review conducted by experts appointed for their experience and knowledge of a specific topic
- and an experienced team of Editors and Technical Editors.

Peer review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor identifies at least two appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area, following consultation with a member of the Editorial Board where necessary.
- We aim to have the final peer review decision within 4 weeks.
- Following peer review, papers are either accepted without modification, returned to the author(s) to incorporate required changes or not accepted for publication.
- The Editor reserves the right to accept or reject any proposed amendments on the advice of the Editorial Board and peer reviewers.

Submissions and instructions for authors

- The Editor commissions articles with guidance from the Editorial Board and unsolicited articles are welcomed.
- The Editor is always keen to hear from authors wishing to discuss potential submissions and will give due consideration to any proposals.
- Please contact the Editor for further details.
- The 'Instructions for Authors' information is available for download at www.touchNEUROLOGY.com.

Distribution and readership

touchREVIEWS in Neurology is distributed bi-annually through controlled circulation to senior professionals in the field globally.

Free-to-access

All articles are free-to-access, which allows everyone in the neurology field to download published articles for free.

Abstracting and indexing

touchREVIEWS in Neurology is abstracted, indexed and listed in Embase, EBSCO, Genamics JournalSeek, Google Scholar and IndexCopernicus by Serial Solutions.

Copyright

Authors transfer the copyright of the article to Touch Medical Media, who publish the article as free-to-access to registered users.

Online

All articles published in *touchREVIEWS in Neurology* are free to access online at www.touchNEUROLOGY.com. www.touchmedicalmedia.com provides clinicians and other industry professionals with a free resource of articles from nine therapy areas including cardiology, endocrinology, haematology, immunology, infectious diseases, neurology, oncology, ophthalmology and respiratory and pulmonary medicine.

Society partners

touchNEUROLOGY has developed very valuable society partnerships with the most respected not-for-profit medical societies internationally. These partnerships are key as touchNEUROLOGY helps to promote awareness of these medical societies while also providing free-to-access access, peer-reviewed articles and multimedia content to the society members, which ensures that the community is kept up-to-date with the latest cutting-edge content and opinion from world-renowned doctors.

About Touch Medical Media

Touch Medical Media publishes a rich and diverse portfolio of fully referenced, free-to-access access, peer-reviewed journals across the clinical and pharmaceutical arenas. Touch Medical Media aims to assist in the education and practice of healthcare and pharmaceutical professionals. □

Foreword

1 Foreword

Leontino Battistin

Professor of Neurology and Past Director, Department of Neurosciences, University-Hospital, University of Padova, Italy; Scientific Director Emeritus, Neurorehabilitation San Camillo Hospital, IRCCS, Venice, Italy

Editorial

Epilepsy

2 Exploring Cellular Mechanisms and Restorative Cell-based Therapeutics for Epilepsy

Lily H Kim,¹ Muhammad Ammar Haider,² Kevin K Kumar¹ and Vivek P Buch¹

1. Department of Neurosurgery, Stanford University School of Medicine, Stanford, CA, USA; 2. C.M.H. Lahore Medical College, Lahore, Pakistan

Stroke

6 Stroke Action Plan for Europe

Aleš Tomek,¹ Melinda B Roaldsen,² Francesca Romana Pezzella,³ Arlene Wilkie⁴ and Hanne Christensen⁵

1. Department of Neurology, University Hospital Motol: Fakultni nemocnice v Motole, Prague, Czechia; 2. Department of Clinical Research, University Hospital of North Norway, Tromsø, Norway; 3. Azienda Ospedaliera San Camillo Forlanini, Stroke Unit, Rome, Italy; 4. Stroke Association, Stroke Alliance for Europe, Brussels, Belgium; 5. Department of Neurology, Bispebjerg Hospital and University of Copenhagen, Copenhagen, Denmark

Review

Alzheimer's Disease and Dementia

9 Psychosis in Alzheimer's Disease: A Review of Current and Prospective Therapeutic Strategies

Zachary R Grese,¹ Sarah M Trusk,² Katherine J DeSanti,² Bryce Clemons² and George T Grossberg¹

1. Department of Psychiatry and Behavioral Neuroscience, Saint Louis University School of Medicine, St Louis, MO, USA; 2. Saint Louis University School of Medicine, St Louis, MO, USA

Parkinson's Disease

13 Wearable Technologies for Parkinson's Disease: Exploring Their Clinical Potential

Caitríona L Cox¹ and Alistair J Mackett^{2,3}

1. The Healthcare Improvement Studies (THIS) Institute, University of Cambridge, Cambridge, UK; 2. Department of Medicine for the Elderly, Cambridge University Hospitals NHS Foundation Trust, Hills Road, Cambridge, UK; 3. Charco Neurotech, Cambridge, UK

Psychiatric Disorders

20 Perioperative Approaches to Decrease the Incidence of Postoperative Cognitive Decline and Postoperative Delirium in Older Patients

Madeline Huber,¹ Sydney Johnson,¹ Auston Gillis¹ and George T Grossberg²

1. Saint Louis University School of Medicine, St. Louis, MO, USA; 2. Department of Psychiatry and Behavioral Neuroscience, Division of Geriatric Psychiatry, Saint Louis University School of Medicine, Saint Louis, MO, USA

Case Report

Multiple Sclerosis

26 Cognitive Decline as the Main Presentation of Diabetic Striatopathy Without Hyperkinetic Movement Disorder: A Case Report

Ayça Simay Ersöz,¹ Zeynep Baştuğ,² Zelihanur Irmak,² Cemile Handan Mısırlı²

Department of Neurology, Haydarpaşa Numune Training and Research Hospital Istanbul, Turkey
